Advertising Rates.

Equitable Advertising Rates based on actual circulation. The advertisor gets just what he pays for—no more no less.

REGULAR COMMERCIAL ADVERTISING. On three, six or twelve mouths' contracts. One difft of one cent, per line, on each hundred copies issued, during the insertion. Any number of changes made on psyment of the extra cost of type setting. 10 lines (this type) to the inch. Thus an advertisement occupying three inches down the column, and running II weeks, on an average circulation of say (00) would cost with one change of matter, noty \$4.05.
